ABOUT THE CLUB

Founded in 1996, the Brumbies are by any measure Australia's most successful Super Rugby team having been two-time Champions, four times Runners Up and having won multiple Australian Conference titles.

As an organisation, the Brumbies also have a strategic and high-performance focus on being Australia's premier Super W team, while continuing to grow and diversify sustainable rugby participation in the ACT and surrounding region across 15's rugby, sevens rugby and touch 7's.

The ACT has always proven to be a fertile breeding ground for future international stars and the Brumbies are immensely proud of the record that nearly 40% of players who have represented the franchise have gone on to play for Australia.

Local talent from Canberra and the surrounding region have been a hallmark of the club since it's inception in 1996. Indeed, the number of local players who have made a name for themselves in the colours of the Brumbies, and before that their predecessors, is huge.

The Safeguard Global ACT Brumbies proudly hold the title of Australia's most successful Super Rugby franchise with a winning history built on the back of home-grown stars and the support of the local community. Our young talent continue to make their mark on Super Rugby Pacific, with players such as Ryan and Lachie Loneragan, Nick Frost and Darcy Swain whose careers have been supported by the Brumbies for several years and now having worked their way up through local ranks, are considered household rugby names in the ACT.

2023 saw the playing squad continue to work hard on all aspects of our game and we especially pride ourselves on our set-piece, defence, breakdown contest plus the attacking mindset of playing rugby the way the Brumbies first started playing back in 1996, which we believe to be the most entertaining style of play for both the players and fans alike.

At the heart of our success is our members, fans, plus the brands and businesses that have supported us on this journey. They are all a major part of the driving force behind the Brumbies success and will be seen and heard locally and around the world on the team's journey to another title in 2024.

Playing for the Brumbies as a Canberra local was a very special time in my life and I am honoured to back here at the Club, Coaching your team. Thanks for your support.
